

ABOUT THE ATTACK AGAINST BAYER HEALTHCARE SAS FRANCE

Based in : 220, Avenue de la Recherche, Loos
Sunday, 12th August, 2018, in the early morning

As you and Monsanto faultlessly merged to spread your venoms together
through both nature and humanity,
As you are responsible for destruction of people's way of life,
As all the drugs you sold to the people became its opium,
As from WWII to nowadays, you are still the same bastards,
As you are on an equal footing with Google, McDonald's, Total, Barclays,
Microsoft, and all others,
As you represent the backbone of capitalism,
we are now acting :

Against multinational companies acting hand in hand with criminals such as
states,
Against this global trading system,
Against those who find themselves as powerful as they can lead our lives with an
iron hand.

For a world on a human scale where everyone is the master of his own means of
subsistence without trying to impoverish others,
For the freedom to plant the seed of a self-managed society,
For a merciless war against authority and kapitalism.
